My [Creative] Space seeks to help viewers better understand the importance of spaces like art studios that are essential for inspiring artists’ imagination and creative process.

Enabling people to more deeply engage with talented creatives who call our city home is a key goal of the Greater Columbus Arts Council and the Art Makes Columbus - Columbus Makes Art campaign.

This exhibition includes featured artists in the “Stories Behind the Art” series on ColumbusMakesArt.com and others who are participating in GCAC’s annual self-guided Columbus Open Studio & Stage tour.
