**FREE SOLAR ECLIPSE GLASSES!\***

NASA-approved solar eclipse viewing glasses. Available while supplies last.

**During a solar eclipse, the moon passes between the Earth and the Sun. In Columbus, we will see about 90% of totality at 2:30pm on August 21st.**

- Eclipse glasses **MUST** be worn during the viewing
- No pre-registration required
- COSI strongly suggests that children under the age of 12 be accompanied by an adult, as they may need assistance with their Eclipse viewing glasses and onsite activities.

## ACTIVITIES

- Create Alka-Seltzer rockets
- Create an eclipse using a beach ball, tennis ball, and lamp to serve as models for the earth, moon, and sun
- Create a scale model of the solar system using planet stickers
- Expose UV beads to sunlight or UV light to see the effects of UV rays

\*Activities are inquiry-based and the amount of time spent by a participant will vary with their level of interest and engagement
