OVERVIEW

The Columbus Metropolitan Library ("the Library") is seeking proposals for a document service and print management solution to meet its customers' ongoing need for efficient, easy-to-use, and accessible document needs, including local and remote/mobile printing, copying, scanning and faxing. The intent of this solicitation is to complement or replace existing Library services and devices and provide customers with a modern and user-friendly interface that requires minimal staff intervention. The solution offered should include an easy-to-use print management component for staff and a payment solution for cash and card payment options. If the solution offered does not include a printing component/device, it must be compatible with the Library's existing printing devices. All systems must be compatible with the Library's Integrated Library System (ILS) and compliant with PCI DSS (Payment Card Industry Data Security Standard).

BACKGROUND

The Library consists of the Main Library and twenty-two branch locations throughout Franklin County. The Library owns a fleet of Xerox multifunction devices and HP printers deployed across the system for customer use. These devices are used for copying, printing, scanning and faxing. To print, customers send a document from a library computer station to a dedicated print release station and interact with the Library's print release vendor platform (Envisionware) by entering their library card information. The print job is released to the printer upon payment. Payment for jobs is handled through a Jamex coin/bill machine or a credit card reader at each printing device.

The Library also provides a remote/mobile printing option through which customers can email documents from a personal device to a branch specific email address.

The Library charges for copies and prints (ten cents [$0.10] per black and white impression and fifty cents [$0.50] per color impression).

Faxing and scanning services are also offered at no cost. The same machines are used for all functions. As such, the Library seeks to provide a library-centric, scanning-oriented solution to improve customer experience and reduce an over-reliance on multifunction devices.

Scope of Services

The Proposer shall provide a solution that meets all listed criteria and specifications.

Proposal shall include full delivery of equipment to Library site, unpacking, full installation and deployment of equipment and removal of all packing debris.

Proposer shall provide all necessary training for the complete utilization of equipment and associated application software.
Proposer will be asked to commit to a 60-90 day pilot period, commencing as soon as possible upon offer acceptance. This pilot period will entail deploying the offered solution at select branches and include routine reporting and monitoring to assess effectiveness and appropriateness of the solution to meet the Library’s needs. Upon successful completion of the pilot, any costs accrued and paid by the Library during the pilot period will be used to offset the cost of contract implementation and deployment.

**SELECTION PROCESS**

A. Selection Process

1. CML will form an evaluation committee comprised of CML staff to review and evaluate Contractor proposals. The following criteria weights will be assigned:
   a. Quality of the Contractor’s Technical Solution – 800 Points
   b. Cost Score – 200 Points
   c. Total allowable Points - 1,000 points
2. CML may invite any or all Proposers to present an oral presentation on the specifics of their technical and/or price submission. Proposers will be provided with sufficient notice to prepare. All oral presentations will be conducted virtually.
3. Members of the evaluation committee may choose to retain their original technical score following the oral presentation or may choose to re-score any or all Proposers following oral presentations.
4. The final score will be collected and recorded by CML’s procurement staff.

B. Evaluation Criteria

1. Technical Proposal
   a. Members of the evaluation committee will utilize a zero (0) to five (5) scale to evaluate each proposal. Members of the evaluation committee will utilize the evaluation form in Appendix B and apply the scoring formula outlined below:

   Zero (0)  Unsatisfactory Does not conform to requirements.
   One (1)   Poor           Conforms to requirements in a limited manner.
   Two (2)   Satisfactory  Generally meets requirements with limitations.
   Three (3) Good          Meets CML requirements as written.
   Four (4)  Excellent     Meets and generally exceeds requirements as written.
   Five (5)  Outstanding   Exceeds requirements in all aspects.

   b. Members of the evaluation committee will review the completeness and comprehensiveness of all Contractor proposals. Scores will be averaged for each responsiveness criteria to determine a Contractors score. That score will be multiplied by the criteria weight to establish the extended score for that responsiveness criteria. All extended scores will be added together to establish the Contractors weighted technical score.

   c. Emphasis will be placed on the quality and comprehensiveness of the proposal, including the understanding of the requirements by the Contractor, Contractor qualifications, quality of the proposed solution, organizational history and capacity, experience, and references. The evaluation form that will be used can be found in Appendix B.

   d. CML will calculate the weighted technical score in the following manner:

   **Formula:**
   \[(\text{Contractor’s Total Score}/\text{Total Maximum Points}) \times 800 \text{ Points} = \text{weighted technical score}\]

   **Example:**
   \[(\text{Contractor’s Total Score (60)}/\text{Total Maximum Points (100)}) \times 800 \text{ Points} = 480 \text{ Points (of a possible 800)}\]
2. Cost Score  
a. The Contractors Total Price shall be calculated based on the quantity of materials multiplied by the net price. The lowest responsive proposal will be awarded the maximum amount of points for this category, based upon the formula below.

**Formula:**  
(Lowest Responsive Price Proposal/ Contractor Proposal Submission) x 200 Points = Cost Score

**Example:**  
(Lowest Responsive Price Proposal ($100,000) / Contractor Proposal Submission ($110,000)) x 200 Points = 182 Points (of a possible 200).

3. The Total Composite Score will be comprised of the Technical Proposal Score + Cost Score which will not exceed 1,000 points
Contract Award

The Library is not, by virtue of issuing this RFP, obligated to enter into a Contract and reserves the right to not issue a Contract as a result of this solicitation.

CML will enter into negotiations with the Proposer with the highest composite score following the final technical scoring by the evaluation committee. The selected Proposer will be invited to negotiate a contract with CML. The contents of the selected proposal, together with the RFP and any formal questions and answers generated during the proposal process, will be incorporated with and made part of the final contract as developed by CML. Should negotiations fail to result in a signed contract within ten (10) days, CML reserves the right to terminate negotiations and select the Proposer whose proposal is determined to be the next most advantageous to CML.

All Proposer’s that respond will receive notification if they have been selected or not.
Contract Terms and Conditions

Contract Components, Entirety, Changes Interpretation

Contract Components: This contract consists of the complete Invitation to Bid (ITB), including the Instructions and Interpretations to Bidder, the Contract Terms and Conditions, the Special Contract Terms and Conditions (if any), the specifications, and any written addenda to the ITB; the completed sealed written Bid, including proper modifications, clarifications and samples; and applicable, valid Columbus Metropolitan Library (CML) purchase orders or other ordering documents (together referred to as the “Contract”). The terms solicitation and Invitation to Bid (ITB) have similar meaning and are used interchangeably, where appropriate.

Entire Agreement; Parties to the Contract: This contract is the entire agreement between the individual or entity selected to provide equipment, supplies and/or services on the basis of a Bid submitted to CML in response to an ITB (referred to as the “Supplier” or the “Contractor” in these Terms and Conditions) and Columbus Metropolitan Library (CML). References to “Vendor” in any of the contract components are deemed to refer to the Supplier or Contractor selected to provide the specified equipment, supplies and/or services that are the subject of the Contract.

Contract Changes: Waivers, Changes or Modifications to this Contract must be made in writing and signed by both parties. If a party to this Contract does not demand strict performance of any item of this Contract, the party has not waived or relinquished any of its rights; the party may at any later time demand strict and complete performance of the term.

Contract Orders: CML will order products, supplies or services under this Contract from the Supplier directly. The Supplier may receive purchase orders by telephone, facsimile, electronically or in person by authorized employees of CML.

Subcontracting: The Contractor may not enter into subcontracts for the Work after award without written approval from CML. The Contractor will not need CML’s written approval to subcontract for the purchase of commercial goods that are required for satisfactory completion of the Work. All subcontracts will be at the sole expense of the Contractor unless expressly stated otherwise in the Contract.

CML’s approval of the use of subcontractors does not mean that CML will pay for them. The Contractor will be solely responsible for payment of its subcontractor and any claims of subcontractors for any failure of the Contractor or any of its other subcontractors to meet the performance schedule or performance specifications for the Project in a timely and professional manner. The Contractor will hold CML harmless for and will indemnify CML against any such claims.
The Contractor will assume responsibility for all Deliverables whether it, a subcontractor, or third-party manufacturer produces them in whole or in part. Further, CML will consider the Contractor to be the sole point of contact with regard to contractual matters, including payment of all charges resulting from the Contract. The Contractor will be fully responsible for any default by a subcontractor, just as if the Contractor itself had defaulted.

If the Contractor uses any subcontractors, each subcontractor must have a written agreement with the Contractor. That written agreement must incorporate this Contract by reference. The agreement must also pass through to the subcontractor all provisions of this Contract that would be fully effective only if they bind both the subcontractor and the Contractor. Among such provisions are the limitations on the Contractor's remedies, the insurance requirements, record keeping obligations, and audit rights. Some sections of this Contract may limit the need to pass through their requirements to subcontracts to avoid placing cumbersome obligations on minor subcontractors. This exception is applicable only to sections that expressly provide exclusions for small-dollar subcontracts. Should the Contractor fail to pass through any provisions of this Contract to one of its subcontractors and the failure damages CML in any way, the Contractor will indemnify CML for the damage.

**Standard Invoice and Payment**

**Invoice:** The Contractor shall submit invoices to Accounts Payable, Finance Department via the following e-mail address: accounts payable@columbuslibrary.org. The invoice must be a proper invoice to receive consideration for payment. A “proper Invoice” is defined as being free of defects, discrepancies, errors or other improprieties. A. Contract Performance is Substantially Endangered: If the Supplier’s default is substantial and cannot be cured within a reasonable time, or if CML determines that the performance of the contract is substantially endangered through no fault of CML, CML may cancel this Contract by written notice to the Supplier.

The party must remedy with all reasonable dispatch the cause preventing it from carrying out its obligations under this Contract. The term “force majeure” means without limitation: Acts of God, such as epidemics, lightning, earthquakes, fires, storms, hurricanes, tornadoes, floods, washouts, droughts, and any other severe weather; explosions; arrests; restraint of government and people; strikes; and any other like events or any other cause that could not be reasonable foreseen in the exercise of ordinary care, and that is beyond the reasonable control of the party.

Copies of the respective insurance certificates shall be filed with the Purchasing Division within seven (7) calendar days after notification by the CML of its selection of the Supplier to provide the specified supplies and/or services. Failure to submit the insurance certificates within the time period will result in the Bidder’s Bid not being considered. Said certificates are subject to the approval of the CML Manager of Purchasing and shall contain a clause or endorsement providing thirty (30) days prior written notice of cancellation, non-renewal or decrease in coverage will be given to the Manager of Purchasing. Failure of the Supplier to maintain this coverage for the duration of the Contract, and any renewals, thereto may be considered a default.

**Commercial General Liability:** The Supplier shall maintain insurance coverage with a $2,000,000 annual aggregate and a $1,000,000 per occurrence limit for bodily injury, personal injury, wrongful death and property damage. The policy shall also be endorsed to include a blanket waiver of subrogation. The certificate shall be endorsed to reflect a per project/per location General Aggregate limit of $2,000,000. If the Supplier uses an umbrella/excess policy to meet the required limits, it is understood that the policy shall follow from per project/per location basis.
