Stressed? Anxious?  
With virtual therapy, getting help may now be easier than ever.

Reaching out may be hard—especially if you might not want anyone to know you’re hurting. From the privacy of home and the convenience of your mobile device* or computer, you can receive caring support from a licensed therapist.

Virtual therapy offers confidential counseling and includes:

Private video sessions
Get 1-on-1 support—in your home and at a time that’s convenient for you.

Help with coping—for children, teens and adults
Your licensed therapist may provide a diagnosis, treatment and medication if needed.

Similar standard of care as in-person visits
You can see the same therapist with each appointment and establish an ongoing relationship.

Virtual therapy is designed to help treat conditions like:
- ADD/ADHD
- Anxiety
- Mental health disorders
- Addiction
