Subject: Addendum No. 3
RFP 24-006 – Access Control and Intrusion Detection
Updated Drawings for Barnett Location

New drawings are attached for the Barnett location:

Card reader and door control button has been added to the 1st floor recording studio (RM 106). Div 26 will wire the door closer. The door control button will be provided by door supplier. Div 28 will need to install the card reader, wire it to the door control button, and install the door control button. The door will have an electric strike.

The revised drawing T101 shows this update and replaces the existing drawing T101 for Barnett.
