MyVoyage

Decision-making support tool that offers personalized digital guidance to help you and your family optimize your household spending across health, emergency savings and retirement. It helps you make smart choices that optimize your benefit dollars. This platform is hosted by VOYA. You can access the tool via MyHR's homepage.

Dependent Documentation Requirements

If you are eligible based on the table above, you may also cover your dependents. New dependents require specific documentation to be submitted in order to be eligible for coverage.

Currently covered spouses or domestic partners may also require specific documentation to be submitted annually to prove continued eligibility.

Documentation varies by relationship. Examples of documentation include birth certificate, tax documents and others. For specifics, see the Dependent Eligibility Documentation on MyCML> Benefits>Enrollment, Changes & Forms>Dependent Eligibility.

Note: Benefits for dependents turning 26 years old terminate on the last day of their birth month. Email payrollbenefits@columbuslibrary.org with questions.

Spouse/Domestic Partner Additional Charge

To control plan costs for all staff, Columbus Metropolitan Library's health plans have a \$200 per month (\$92.31 per pay period) additional health premium charge for employees covering their spouses/domestic partners who have the option to elect health insurance through their employers. If both you and your spouse/domestic partner are employed at CML, this additional charge does not apply.

If you elect to enroll your spouse/domestic partner in a CML health plan and they are not employed or don't have the option for health insurance coverage through their employer, you will be asked to attest to this fact and sign the Spousal/Domestic Partner Additional Charge Removal Form.

CML requires the attestation to be renewed every year. This form is available in columbuslibrary.org/employee-benefits/enrollment. Once a signed form is submitted to payrollbenefits@columbuslibrary.org, the additional \$200 monthly charge (\$92.31 per pay period) will be removed from your premium deductions. This form may be submitted at any time during the plan year. The additional charge will be removed on the check that follows the submission of the form.

ACTION NEEDED FOR NEW HIRES OR NEWLY ELIGIBLE EMPLOYEES

For **new hires or newly eligible employees**, there are many important decisions to make regarding your benefits – some of which must be decided within 31 days of your date of hire or when you become eligible for benefits due to an internal transfer/promotion. The chart below identifies benefits eligibility based on the number of hours worked each week.

All library employees should note:
All library employees are automatically enrolled in the Ohio Public Employees Retirement System (OPERS) retirement plan.
In your first 180 days of employment, you may work directly with OPERS to select your OPERS Retirement Plan. If no selection is made, it defaults to the Traditional Pension Plan.
During the year , you may also elect to contribute or change contribution levels to: • The Ohio Public Employees Deferred Compensation (457) plan. • The Newport 403(b) plan.
During the next open enrollment , you will: • Confirm current coverage and enrolled dependents or make changes for the following year.
If you regularly work 20-39 hours per week, you are eligible for those benefits above in addition to those in this category.
All part-time employees are automatically enrolled in Short-Term Disability . (New Hires have a 6-month waiting period.)
Within 31 days of your hire date: • Elect to participate in the health care and/or dependent care FSA.* • Designate your life insurance beneficiaries in MyHR. • Complete enrollment for Health, Dental and Vision coverage, even if you decline.* • Complete enrollment for Voluntary Life and Supplemental Life health plans, if electing coverage. *Effective date of coverage for part-time medical, dental and vision benefits is the first of the month after 30 days of employment.
If you regularly work 40 hours per week, you are eligible for all benefits listed above, plus the following:
All full-time library employees are automatically enrolled in Life and Accidental Death & Dismemberment Insurance. After a 6-month waiting period, employees are also enrolled in Short-Term Disability and Long-Term Disability coverages.
Within 31 days of your hire date: • Complete enrollment for Dependent Life, Voluntary Life and Supplemental Life health plans, even if you decline coverage. • Designate your life insurance beneficiaries in MyHR. • Complete enrollment for Medical, Dental and Vision coverage, even if you decline. • Elect to participate in the health care and/or dependent care FSA. *Full-time employees are eligible for medical, dental and vision coverage on date of hire.

If you make no elections, you will default to “no coverage”.

Life Event/Qualifying Status Change

If you experience a qualifying status change (such as a marriage, divorce, new child, or change in employment status), you have 31 days to make a change to your benefits coverage. If you miss this deadline, your next opportunity to change benefits coverage will be during the next open enrollment period. All documentation must be returned to CML within the 31-day enrollment window.

Annual Open Enrollment

You have the opportunity to change your benefits each Fall during open enrollment, after which elections are effective January 1 of the new plan year.

Failure to complete timely enrollments will result in ineligibility for benefits coverage until the next open enrollment period.

HOW TO ENROLL IN YOUR BENEFIT PLANS

To enroll, follow the instructions titled “MyHR: Enrolling in Benefits”, found on MyHR>Resources>Tools/References>Information for Staff.

Review the Summary of Benefits chart to confirm your eligibility. The following process must be completed even if you are not electing benefits at this time.

1. Log into **MyHR**
2. Select the **MYSELF** menu
3. Select **Benefits**
4. Select **Enrollments**
5. In the **Change Your Enrollments** area, you will see the start and end date for your New Hire benefit enrollment period.
6. Click **START** to begin your enrollment.

Complete the steps to enroll in, or opt out of, health, dental, vision and FSA. You will also elect whether to cover eligible dependents.

If you are electing optional insurance (Voluntary Life, Accident, Critical Illness and/or Hospital Indemnity), complete the steps to enroll. Once you have elected insurance, if electing over the guarantee amount, you will be prompted to complete evidence of insurability. Evidence of insurability is a questionnaire used by Prudential where you provide information on the condition of your health to be considered for insurance coverage.

WAYS TO SAVE ON YOUR MEDICAL EXPENSES

Saving money on medical expenses is important to everyone. Below are some ways that may help you cut costs without cutting benefits.

- Access myuhc.com to explore lower cost-share medication options for you and your family. UHC members will have access to UHC's Price Edge technology. This solution scans and compares direct-to-consumer pricing with insurance pricing to give UHC members the best available price.
- Consider virtual visits to video chat with a doctor 24/7 – whenever, wherever. If needed, a virtual visit doctor can treat and prescribe medication for everyday illnesses like the flu, sinus infections, a cough and more. With your UHC PPO plan, the cost is \$25.
- If on the HDHP, use your Health Savings Account, which the library contributes money towards, to offset the cost of medical bills. REMINDER: The HSA can be used for ANY eligible medical expense, including dental and vision costs. In addition, employees can put their own money to their HSA each paycheck (pre-tax) to use for expenses. (The library does not contribute to the Health Savings Account associated with the MEC plan.)
- Get a cost estimate for a procedure BEFORE you have it done. Not all providers charge the same rate for the same procedure, including surgeries, scans, blood draws, etc. A quick call to UHC (using the customer service number) will provide you with which local provider will have the lowest out-of-pocket cost to you. You may also search for procedures on myuhc.com>Find Care & Cost>Cost Estimates.
- When your doctor writes you a prescription, be sure to remind them to prescribe the generic equivalent of your medication. Generic drugs meet the same standards as brand-name drugs for safety, purity, strength and effectiveness. The best part is they are less expensive.

ID CARDS

Newly hired or newly eligible employees will receive via mail an ID card for Medical/Prescriptions and Dental Plans. Vision enrollees may print their cards from myuhcvision.com. Once your benefit selections have been processed, it may take up to 14 business days for the cards to arrive.

If you misplace your medical card – and need to access health care services – you can print a temporary ID card and request a permanent card online at myuhc.com. Dental cards are available at deltadentaloh.com.

DISABILITY INSURANCE

The loss of income due to illness or disability can cause serious financial hardship for your family. CML's disability insurance programs work together to replace a portion of your income when you are unable to work due to your own health condition. CML offers Short-Term and Long-Term disability.

Short-Term Disability

Eligible employees working 20+ hours/week are automatically enrolled in Short-Term Disability (STD) insurance. This benefit is paid by CML. STD insurance pays a benefit if you are unable to work because of a qualified medical condition. PTO is used during the 14 calendar day STD waiting period. PTO does not accrue while on STD.

Amount of Benefit - Based on income, 70% of weekly earnings, or up to \$1,500 weekly max.

Length of Benefit - 13 weeks per disability.

Long-Term Disability

Eligible employees working 40+ hours/week are automatically enrolled in Long-Term Disability (LTD) insurance. This benefit is paid by CML. If you are sick or injured and unable to work, the LTD benefit pays a monthly amount equal to 60% of your pre-disability base pay (up to \$10,000 per month).
