The Public Utilities Commission of Ohio (PUCO) approved a settlement agreement establishing new base distribution rates for AEP Ohio in case 25-392-EL-AIR. The approval includes multiple changes, resulting in a rate decrease of \$1.22 per month for a typical residential customer using 1,000 kWh. Those changes include customer credits related to deferred tax liabilities, several riders resetting to a lower rate (DIR, ESRR, EDR, SDRR and gridSMART) and an increase of \$3.50 to the residential fixed monthly customer charge, from \$10 to \$13.50. Commercial customers can review the tariff book for changes to their monthly billing. Additional information is available at [www.aepohio.com/basecase](http://www.aepohio.com/basecase), or by writing or calling AEP Ohio.

The Public Utilities Commission of Ohio, in case number 25-105-EL-RDR, approved AEP Ohio's request to adjust its Economic Development Rider (EDR) effective with this bill. The EDR supports industrial customers that retain and increase Ohio jobs. A residential customer using 1,000 kWh of electricity will see a decrease of \$0.41 per month.

The Public Utilities Commission, in Case No. 26-47-EL-RDR, approved to adjust the Basic Transmission Cost Rider, effective with this bill. This rider, which is adjusted annually, recovers non-market-based transmission charges. A residential customer using 1,000 kWh per month will see an increase of \$7.94 per month.

In Case No. 23-23-EL-SSO the Public Utilities Commission of Ohio approved adjustments to Ohio Power Company's gridSMART rider. This rider allows the Company to recover costs for grid modernization projects. A residential customer using 1,000 kWh per month will see an increase of \$0.18 per month.
